To: The President Polish Traditional Karate Federation,  
European Summer Gasshuku participants,  
WTKF national federations' presidents

Dear Mr. Maciejewski,  
Dear colleagues!

On behalf of the All-Russian Traditional Karate Federation and the Organizing Committee of the 34 Traditional Karate-Do European Championship WTKF 2019 I would like to greet all European Summer Gasshuku 2019 participants and WTKF national federation's presidents and share my personal cordiality with all of you! We are very happy to see the process of integration between traditional karate-do organizations and practitioners which can mean only positive changes to what we all do. We are very impressed with the special choice of top instructors to teach during the Gasshuku and would be very eager to come and study under such a professional guidance.

Unfortunately, there was no official announcement concerning the Gasshuku as early as it usually had been, thus we haven't planned to take part this year. Many of us, including myself, have no valid European visa and it might be difficult to get one in such a short time as I have just come back from the summer camp. As for the meeting of national federation's leaders we feel a kind of hesitation about taking part in a conference where WTKF governing authorities will not be present. Being in accord with WTKF President Sensei W. Kwiecinski is of high importance for us and we wouldn't like to deteriorate these relations.

We are working hard to organize XXXIV European Championship, VI European Children Cup, I European Amateur Cup and III Budo-Conference on a very professional level. We are waiting for all of you to come and share the spirit of Budo with Russian athletes. WTKF is getting through tough times and I would like to remind all of you that unanimity and solidarity are the most important thing during such a period in our life. We will be able to reach our high and noble goals only keeping together. If you need any help, please contact me without any hesitation.
